Nearly Two Decades of Building Portable Spaces

MK Portable Cabin is an ISO 9001:2008 certified company established in 2007 and is one of India's leading manufacturers, traders and suppliers of prefabricated portable cabins and toilets. Under the leadership of Managing Director Mr. Nazir Ansari, the company has built a well-equipped manufacturing infrastructure that caters to clients across the country, from individual shopkeepers to the country's largest infrastructure contractors.

Every cabin is built on a galvanized iron (GI) sheet frame with insulated, weather-resistant panel walls, then quality-checked in our own facility before dispatch — so what you see in our photographs is exactly what arrives at your site. Our product range covers Portable Houses & Shop Cabins, Office Cabins, Accommodation & Security Cabins, and Toilet Cabins, all fully customizable to your size, layout and budget.

We accept payment by cash, online transfer or demand draft, and our team stays involved from the first site measurement through installation and after-sales support.

Our stainless steel and other core materials are among the best in the market — chosen for high performance, energy-efficient design, longer functional life and noise-free operation, so every cabin and toilet unit we deliver is built to be used every single day for years.

A Cabin For Every Requirement

01 · SHOP & HOUSE

Portable House / Shop Cabin

Retail-ready units with roller shutter, display counter and shelving — open a shop in days, not months.

02 · SITE OFFICE

Office Cabin

Wired, furnished site and admin offices with workstations, meeting layouts and AC-ready interiors.

03 · LABOUR / STAFF

Accommodation Cabin

Single and multi-storey dormitory blocks for labour camps, campuses and long-stay project sites.

04 · SANITATION

Toilet Cabin

Indian and Western WC units, urinal blocks and wash areas for construction sites and public spaces.

05 · SECURITY

Security & Guard Cabins

Compact, all-weather guard cabins for gates, toll booths, factories and residential entrances — quick to place, easy to relocate as your site plan changes.

PORTABLE HOUSE

PRODUCT SPOTLIGHT

Shop Portable Cabin

Setting up a shop the traditional way means brick walls, plastering and months of waiting. Our Shop Portable Cabin is a factory-built, retail-ready structure that can be installed and opened for business within days — built to work as hard as any permanent store.

- **Heavy-duty roller shutter** for security when closed.
- **Wooden display counter** with built-in storage drawers.
- **L-shaped shelving** to maximize display space.
- **Wired electrical fittings** — switchboards and lighting points included.
- **GI sheet frame** with insulated, weatherproof panels rated for a decade-plus of use.

STARTING FROM

₹70,000 onward

Complete with counter, shelving, shutter and electrical fittings — customized to your location and requirement. Trusted by 500+ shopkeepers, vendors and first-time entrepreneurs across India.

OFFICE CABIN

PRODUCT SPOTLIGHT

Site & Admin Office Cabins

From single-desk supervisor cabins to full multi-desk site offices with a dedicated meeting area — every unit ships wired, floored and ready to work from day one.

- **Workstation & storage layouts** designed for construction site offices and corporate admin blocks.
- **AC and lighting points** pre-wired, with laminated flooring finish.
- **Meeting-room configuration** available for client and management review spaces.
- **Modular desks & storage** arranged to fit your headcount and floor plan.

ACCOMMODATION & SECURITY

PRODUCT SPOTLIGHT

Staff Accommodation & Security Cabins

Housing a workforce or securing a gate both call for structures that go up fast and hold up for years. We build both — from single dormitory units to two-storey staff accommodation blocks with balcony access.

- **Bunk-bed dormitory interiors** for labour camps and long-stay project housing.
- **Two-storey blocks** with external staircase and balcony walkway for larger workforce housing.
- **Compact guard cabins** for gates, toll booths and factory entrances — easy to relocate as your site evolves.
- **Insulated panel walls** keep interiors cooler in summer and warmer in winter.
- **Furnished options** — beds, desks and storage fitted before delivery.

TOILET CABIN

PRODUCT SPOTLIGHT

Toilet & Sanitation Cabins

Hygienic, easy-to-clean portable toilet and washroom blocks for construction sites, factories, events and public spaces — available in Indian and Western WC configurations.

- **Indian & Western WC options** with wash basin and hand shower fittings.
- **Urinal & multi-cubicle blocks** for high-footfall sites.
- **Sealed, easy-clean panels** built for daily heavy use with minimal maintenance.
- **Plumbed & ready to connect** on-site with minimal setup time.

Six Reasons Clients Come Back

01

Fast, Factory-Built Delivery

Manufactured off-site and simply installed at your location — no long construction timeline, no cement work, far less mess.

02

Built To Last A Decade+

GI sheet frames and weather-resistant panels hold up through monsoons, heat and daily wear with basic maintenance.

03

Fully Customizable

Size, layout, colour and interior fit-out tailored to your specific site and budget, not a fixed catalogue size.

04

500+ Clients Pan-India

From individual shopkeepers to national infrastructure contractors including L&T, Tata Projects and Shapoorji Pallonji.

05

ISO 9001:2008 Certified

Manufacturing and quality processes certified to an internationally recognised standard.

06

Flexible Payment Options

Cash, online transfer or demand draft — whatever works best for your procurement process.
